## MANAGEMENT INFORMATION CIRCULAR

### Solicitation of Proxies

**THIS INFORMATION CIRCULAR (THE "CIRCULAR") IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY THE MANAGEMENT OF GITENNES EXPLORATION INC. (THE "CORPORATION") OF PROXIES TO BE USED AT THE ANNUAL AND SPECIAL MEETING (THE "MEETING") OF SHAREHOLDERS OF THE CORPORATION TO BE HELD AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ENCLOSED NOTICE OF MEETING.** It is expected that the solicitation will be primarily by mail but proxies may also be solicited personally by regular employees of the Corporation at nominal cost. The cost of solicitation by management will be borne directly by the Corporation.

### Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are either officers or directors of the Corporation. **A shareholder desiring to appoint some other person to represent him at the Meeting may do so either by inserting such person's name in the blank space provided in that form of proxy or by completing another proper form of proxy.** An instrument of proxy will only be valid if it is completed and delivered to the office of the registrar and transfer agent indicated on the enclosed envelope not later than 5:00 p.m. (Toronto time) on June 24, 2008 (excluding Saturdays and holidays) before the time of holding the Meeting.

A proxy given pursuant to this solicitation may be revoked by instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his attorney authorized in writing, and deposited either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of such Meeting on the day of the Meeting, or adjournment thereof.

### Voting of Proxies

Shares represented by properly executed proxies in favour of persons designated in the printed portion of the enclosed form of proxy will be voted for each of the matters to be voted on by shareholders as described herein or withheld from voting or voted against if so indicated on the form of proxy. **The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the notice of meeting, or other matters which may properly come before the Meeting.** At the time of printing this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

### Voting By Non-Registered Shareholders

Only registered shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. However, in many cases, Common Shares (as hereinafter defined) owned by a person (a "non-registered owner") are registered either (a) in the name of an intermediary (an "Intermediary") that the non-registered owner deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered registered savings plans, registered retirement income funds, registered education savings plans and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the Circular and the

accompanying notice of Meeting together with the form of proxy (collectively, the “Meeting Materials”) (i) directly to non-registered owners who have advised their Intermediary that they do not object to the Intermediary providing their ownership information to issuers whose securities they beneficially own (“Non-Objecting Beneficial Owners” or “NOBOs”), and (ii) to the clearing agencies and Intermediaries for onward distribution to non-registered owners who have advised their Intermediary that they object to the Intermediary providing their ownership information (“Objecting Beneficial Owners” or “OBOs”).

Intermediaries are required to forward the Meeting Materials to Objecting Beneficial Owners unless an Objecting Beneficial Owner has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Objecting Beneficial Owners. Generally, Objecting Beneficial Owners who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number and class of securities beneficially owned by the Objecting Beneficial Owner but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the non-registered owner when submitting the proxy. In this case, the Objecting Beneficial Owner who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified; or
- (b) be given a form of proxy which is not signed by the Intermediary and which, when properly completed and signed by the Objecting Beneficial Owner and returned to the Intermediary or its service company, will constitute voting instructions (often called a “Voting Instruction Form”) which the Intermediary must follow. Typically the non-registered owner will also be given a page of instructions which contains a removable label containing a bar code and other information. In order for the form of proxy to validly constitute a Voting Instruction Form, the non-registered owner must remove the label from the instructions and affix it to the Voting Instruction Form, properly complete and sign the Voting Instruction Form and submit it to the Intermediary or its services company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit non-registered owners to direct the voting of the Common Shares they beneficially own. Should a non-registered owner who receives either form of proxy wish to vote at the Meeting in person, the non-registered owner should strike out the persons named in the form of proxy and insert the non-registered owner’s name in the blank space provided. Non-registered owners should carefully follow the instructions of their Intermediary including those regarding when and where the form of proxy or Voting Instruction Form is to be delivered.

### **Distribution of Securityholder Materials to Non-Objecting Beneficial Owners**

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

By choosing to send these materials to you directly, the Corporation (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

### **Interest of Certain Persons in Matters to be Acted Upon**

No person who has been a director or executive officer of the Corporation at any time since the beginning of its last completed financial year or any associate of any such director or executive officer has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, except as disclosed in the Circular.

## Voting Securities and Principal Holders Thereof

The authorized capital of the Corporation consists of an unlimited number of common shares (“Common Shares”). As of May 12, 2008, the Corporation had 47,502,231 issued and outstanding Common Shares.

The Corporation shall make a list of all persons who are registered holders of Common Shares as of May 12, 2008 (the “Record Date”) and the number of Common Shares registered in the name of each person on that date. Each shareholder, or his duly appointed proxy, is entitled to one vote for each Common Share registered in his name as it appears on the list except to the extent that such shareholder has transferred any of his shares after the Record Date and the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he owns the shares and demands, not later than ten days before the Meeting, that his name be included in the list. In such case the transferee is entitled to vote his shares at the Meeting.

To the knowledge of the directors and senior officers of the Corporation, as of date hereof, there is no person who beneficially owns, directly or indirectly, or exercises control or direction over securities carrying more than 10% of the voting rights attached to any class of outstanding voting securities of the Corporation entitled to be voted at the Meeting.

Employment Contracts

The Corporation does not have an employment contract in place with the Named Executive Officers. The Corporation does not have in place any compensatory plan or arrangement with any Named Executive Officer that would be triggered by the resignation, retirement or other termination of employment of such officer, from a change of control of the Corporation or a change in the executive officer's responsibilities following any such change of control.

Composition of Compensation Committee

The Corporation's executive compensation program is administered by the compensation committee of the board of directors. The compensation committee consists of Edmund T. Kimura and Kenneth D. Booth.

Report on Executive Compensation

The compensation policy of the Corporation is done from the perspective of ownership. Employees (including executive officers) expect to reap the majority of their income from the appreciation in the value of the Common Shares they hold in the Corporation. Given the very low number of employees, the compensation practices are flexible, entrepreneurial and geared to meeting the requirements of the individual and hence securing the best possible talent to run the Corporation. Compensation of officers and employees currently consists of base salary and longer-term incentives in the form of stock options.

On April 27, 2006, the Board approved the Compensation Committee Charter. Pursuant to the Charter, the purpose of the Compensation Committee is to assist the Board in (i) identifying potential nominees to the Board; (ii) assessing the effectiveness of the directors, the Board and the various committees of the Board and the composition of the Board and its committees; (iii) developing, reviewing and planning the Corporation's approach to corporate governance issues, including the public disclosure of the Corporation's corporate governance practices; (iv) discharging its responsibilities regarding compensation of the Corporation's executives and the members of the Board; (v) setting objectives for the President or officer who is fulfilling the President's duties and responsibilities and evaluating such officer's performance; (vi) monitoring management's succession plan for the President and other senior management; and (vii) overseeing enforcement of and compliance with the Corporation's Code of Ethics and Business Conduct.

The executive compensation of the President is based on competitive industry positioning, weighting of compensation elements and the relationship of compensation to performance by the President. The Compensation Committee will provide an annual review of the executive compensation of the President, including all corporate compensation and benefit plans including proposed salary ranges, bonuses, stock options, and any other forms of compensation. The Compensation Committee will review annually all salaries, budgets, organization and manpower plans, and succession planning and review performance appraisals and overall compensation as recommended by the President for senior officers.

Overall salaries are deliberately kept low and are sufficient to maintain an individual's cash flow. Amounts are paid monthly.

The foregoing is submitted by the compensation committee.

#### Compensation of Directors

The directors are not compensated for their attendance at directors or shareholders meetings. However, directors are entitled to participate in the Corporation's Stock Option Plan (as defined under "*Securities Authorized for Issuance under Equity Compensation Plans*"). As of December 31, 2007, the Corporation had outstanding options to purchase 3,495,000 Common Shares, of which 2,450,000 had been granted to directors. No cash remuneration was paid during the financial year ended December 31, 2007 to directors in their capacity as directors, except for reimbursements of "out of pocket" expenses incurred in connection with attendance at such meetings. During the fiscal year ended December 31, 2007, a law firm of which a director is a partner, provided legal services to the Corporation at such rates charged by them to arm's length parties, in the aggregate amount of \$27,200.

#### Securities Authorized for Issuance under Equity Compensation Plans

The following table provides information as of December 31, 2007, concerning options outstanding pursuant to the Corporation's existing stock option plan, which has been approved by the shareholders of the Corporation and which is the only compensation plan of the Corporation under which equity securities of the Corporation are authorized for issuance:

The following table provides the names of the five persons (the “Nominees”) nominated by management for election as directors and information concerning them. The persons named in the enclosed form of proxy intend to vote for the election of the Nominees. Management does not contemplate that any of the Nominees will be unable to serve as a director. Each director elected will hold office until his successor is elected at the next annual meeting of the Corporation, or until his successor is elected or appointed unless his office is earlier vacated in accordance with the by-laws of the Corporation.

#### Jerry D. Blackwell

Grange Gold Corporation, a reporting issuer in British Columbia, was subject to a cease trading order by the CDNX Venture Exchange (now TSX Venture Exchange) on June 3, 2003 for failure to file its annual financial statements. The cease trading order was subsequently rescinded on July 22, 2003, forty-nine days after the cease trade was issued.

### **Appointment of Auditors**

Unless such authority is withheld, the persons named in the accompanying proxy intend to vote for the appointment of PricewaterhouseCoopers LLP, Chartered Accountants as auditors of the Corporation for the 2008 fiscal year and to authorize the directors to fix their remuneration. PricewaterhouseCoopers LLP is the successor firm to Staley, Okada & Partners, Chartered Accountants, who were the auditors of the Corporation since June 21, 2002.

### **Stock Option Plan Amendment**

The Corporation currently has in place a stock option plan, which was approved by the shareholders of the Corporation on June 18, 1998, as amended by the shareholders on June 23, 2004 (the "Stock Option Plan"). On May 12, 2008, the Board approved the following amendments to the Stock Option Plan (the "Option Plan Amendments"):

- (a) amending the Stock Option Plan such that the aggregate number of shares reserved for issuance under the Stock Option Plan shall not exceed 10% of the total number of issued and outstanding Common Shares (calculated on a non-diluted basis) at the time of any stock option grant; and
- (b) the replacement of the existing provisions of the Stock Option Plan relating to amendment of the Stock Option Plan.

The details of the Option Plan Amendments are set out below.

#### **Stock Option Plan**

The maximum number of Common Shares which could be issued pursuant to the Stock Option Plan was initially set at 3,400,000. An increase in the maximum number of Common Shares issuable pursuant to the Stock Option Plan to 4,800,000 was approved by the directors of the Corporation on May 5, 2004 and approved by the shareholders of the Corporation at the shareholders' meeting held on June 23, 2004.

As of the date hereof, the Corporation had issued an aggregate of 1,720,000 Common Shares pursuant to the exercise of options previously granted under the Stock Option Plan. As a result, a maximum of 3,080,000 additional Common Shares (representing 6.5% of the outstanding Common Shares) may be issued pursuant to the Stock Option Plan (including Common Shares issuable pursuant to options previously granted but not yet exercised). As of the date hereof, there were issued and outstanding options to purchase an aggregate of 2,625,000 Common Shares (representing 5.5% of the outstanding Common Shares) under the Stock Option Plan.

Pursuant to the Option Plan Amendments, the aggregate number of shares reserved for issuance under the Stock Option Plan shall not exceed 10% of the total number of issued and outstanding Common Shares (calculated on a non-diluted basis) at the time of any stock option grant.

Based on the 47,502,231 Common Shares which are outstanding as of the date hereof, the maximum number of Common Shares which could be made issuable under the Option Plan Amendments as of that date is 4,750,223. Options in respect of an aggregate of 2,625,000 Common Shares had been granted and were outstanding under the Stock Option Plan, such that options in respect of an additional 2,125,223 Common Shares could be issued pursuant to the Option Plan Amendments.

### Future Amendments of the Stock Option Plan

On June 6, 2006, the TSX published a Staff Notice regarding amending procedures for security based compensation arrangements. Previously, shareholder approval was required for an amendment to security based compensation arrangements if the TSX considered the amendment to be material, or if the plan itself required shareholder approval for the specific amendment. The new rules published by the TSX allow shareholders to determine the types of amendments that require shareholder approval. The TSX now advises that security based compensation plans should contain detailed provisions that specify those amendments requiring shareholder approval and those that can be made without shareholder approval. Effective as of June 30, 2007, if a security based compensation arrangement does not contain a detailed amendment procedure, then every amendment will require specific shareholder approval, even simple “housekeeping” amendments.

The Stock Option Plan currently provides that subject to any required regulatory approvals, the Board may at any time amend or terminate the Stock Option Plan. Pursuant to the Option Plan Amendments, the existing provision relating to amendment of the Stock Option Plan would be deleted, and replaced with a new provision whereby the Board may from time to time amend the Stock Option Plan without approval from shareholders of the Corporation, other than with respect to the following matters:

- (a) the maximum number of Common Shares reserved for issuance under the Stock Option Plan;
- (b) a reduction in the exercise price for options held by insiders of the Corporation;
- (c) an extension to the term of any option held by insiders of the Corporation;
- (d) an increase in any limit on grants of options to insiders set out in the Stock Option Plan; and
- (e) amendment provisions granting additional powers to the board of directors to amend the plan or entitlements without security holder approval.

### Existing Terms of the Stock Option Plan

The material provisions of the Stock Option Plan are as follows: (a) the total number of shares which may be reserved for issuance to any one individual, together with all other outstanding stock options granted to such individual, shall not exceed 5% of the outstanding shares of the Corporation; (b) the maximum number of shares which may be reserved for issuance to insiders is 10% of the Corporation’s outstanding shares and the maximum number of shares which may be issued to insiders, within any one year period, is 10% of the Corporation’s outstanding shares; (c) options are only granted to service providers; (d) the purchase price for the shares of the Corporation under each option is the closing price of the Corporation’s Common Shares on the trading date immediately prior to the option grant; (e) the term of the options shall not exceed 10 years; (f) each optionee shall be entitled to exercise his or her option in respect of the full number of optioned shares upon the occurrence of an acceleration event, which is generally a change of control or the liquidation of the incorporation; (g) options, may at the discretion of the board of directors, be subject to vesting restrictions, such that the number of shares which may be acquired pursuant to the option shall not exceed a specified number or percentage each year during the term of the option (h) optionees may exercise their vested options, within 90 days of ceasing to be a service provider or within one year in the event of death; (i) the options are non-assignable; (j) the Board may amend the Stock Option Plan subject to regulatory approval; pursuant to the Option Plan Amendments, this provision would be replaced with a more specific provision, as described above under “Future Amendments of the Stock Option Plan”; and (k) the Corporation has not provided, and does not provide, any financial assistance to optionees to facilitate the exercise of options granted pursuant to the Stock Option Plan.

### Approval of the Option Plan Amendments

The Option Plan Amendments are conditional upon acceptance by the Toronto Stock Exchange (the “TSX”) and approval by the shareholders of the Corporation. At the Meeting, shareholders will be asked to pass a resolution to ratify and approve the Option Plan Amendments. A simple majority of the votes cast on the matter is required for approval.

**SCHEDULE A TO THE MANAGEMENT INFORMATION CIRCULAR  
OF GITENNES EXPLORATION INC. DATED MAY 12, 2008**

**CORPORATE GOVERNANCE DISCLOSURE**

***Board of Directors***

The Board is currently comprised of five directors. Three of the proposed five directors are considered by the Board to be independent. A director is considered to be independent if the Board determines that the director has no direct or indirect material relationship with the Corporation. A material relationship is a relationship that could, in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment. Jerry Blackwell and Lyle R. Hepburn are not independent directors. Mr. Blackwell is the President of the Corporation and Mr. Hepburn is the Secretary of the Corporation and a partner of a law firm which acts for the Corporation, Beach, Hepburn LLP. A majority of the directors of the Corporation are independent, namely Edmund Kimura, Kenneth Booth and Victor Tanaka.

The proposed five directors are currently directors of other issuers that are reporting issuers in a Canadian jurisdiction. Jerry Blackwell is on the board of directors of Stratabound Minerals Corp. and Pencari Mining Corporation, Lyle R. Hepburn is on the board of directors of North Atlantic Resources Ltd., Fronteer Development Group Inc. and First Nickel Inc., Edmund Kimura is on the board of directors of Eastfield Resources Ltd., Cariboo Rose Resources Ltd. and Wildrose Resources Ltd., Kenneth Booth is on the board of Aurcana Corporation and Orsa Ventures Corp. and Victor Tanaka is on the board of directors of each of Impact Silver Corp., Fjordland Exploration Inc., Bayswater Uranium Corp. and Serengeti Resources Inc.

The Corporation has not appointed a Chairman. The independent directors of the Board are encouraged by the President and Secretary to hold private sessions as such independent directors deem necessary in the circumstances. In the 2007 fiscal year, the independent directors did not deem it necessary to hold any such private sessions; however, informal discussions among the independent directors did take place from time to time.

The Board held five meetings during the period commencing January 1, 2007 and ending December 31, 2007. Jerry Blackwell, Lyle R. Hepburn, Kenneth Booth, Edmund Kimura and Victor Tanaka attended all five meetings of the Board.

***Board Mandate***

On April 27, 2006, the Board adopted a "Board of Directors Mandate". The Board has the responsibility to manage or supervise the management of the business and affairs of the Corporation. It is the Board's primary responsibility to foster the long-term success of the Corporation and to build long-term value for the Corporation's shareholders, in a manner consistent with the Board's fiduciary duties.

To assist the Board in the implementation of its mandate, it delegates some of its responsibility to committees. The Board reviews and approves the structure, mandate and composition of its committees. It also receives and reviews periodic reports of the activities and findings of those committees.

The Board selects and appoints the Corporation's President and, through him, other officers and senior management to whom the Board delegates certain of its power of management. The Board approves strategy, sets targets, performance standards and policies to guide them; monitors and advises management; sets their compensation and, if necessary, replaces them.

Throughout the year, the Board reviews management's and the Corporation's performance against approved business plans and policies. The Board also reviews and approves specific proposals for all major capital expenditures, checking for consistency with budgets and strategic plans, and deals with a large number of individual issues and situations requiring decision by the Corporation, such as acquisitions, investments and divestitures.

The Board ensures that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of the Corporation's business. Management reports regularly to the Board in relation to principal risks which potentially affect the Corporation's business activities.

The Board regularly reviews management succession plans and, where necessary, initiates and supervises searches for replacement candidates. It also sets objectives for, and reviews the performance of, the senior officers of the Corporation and approves their appointments and compensation.

The Board reviews and approves, for release to shareholders, quarterly and annual reports on the performance of the Corporation.
