

## Gitennes Second Phase Diamond Drill Programme Commences at New Mosher Gold Property, Chapais-Chibougamau area, Quebec

Vancouver, B.C., - January 21, 2022: Gitennes Exploration Inc. ("Gitennes" or the "Company") - (TSXV – GIT) announces that the second phase of diamond drilling has commenced at its New Mosher gold property, Chapais-Chibougamau area of Quebec (see Figure 2). Two holes have been completed and both holes successfully intersected the mineralized zone at the New Mosher Showing (Area 1, Figure 1). The New Mosher Showing is the focus of the second phase of drilling which is planned for a minimum of 1,000 metres

In the first phase of drilling the Company encountered significant widths of anomalous gold (see highlights on page 2). In addition to Gitennes' encouraging results from the first diamond drill programme the New Mosher Showing (Area 1, Figure 1) has gold in historical drilling, 8.1 g/t gold over 0.25 metres and 1.87 g/t gold over 5.1 metres and grab samples assaying 16 g/t gold and 5.66 g/t gold.

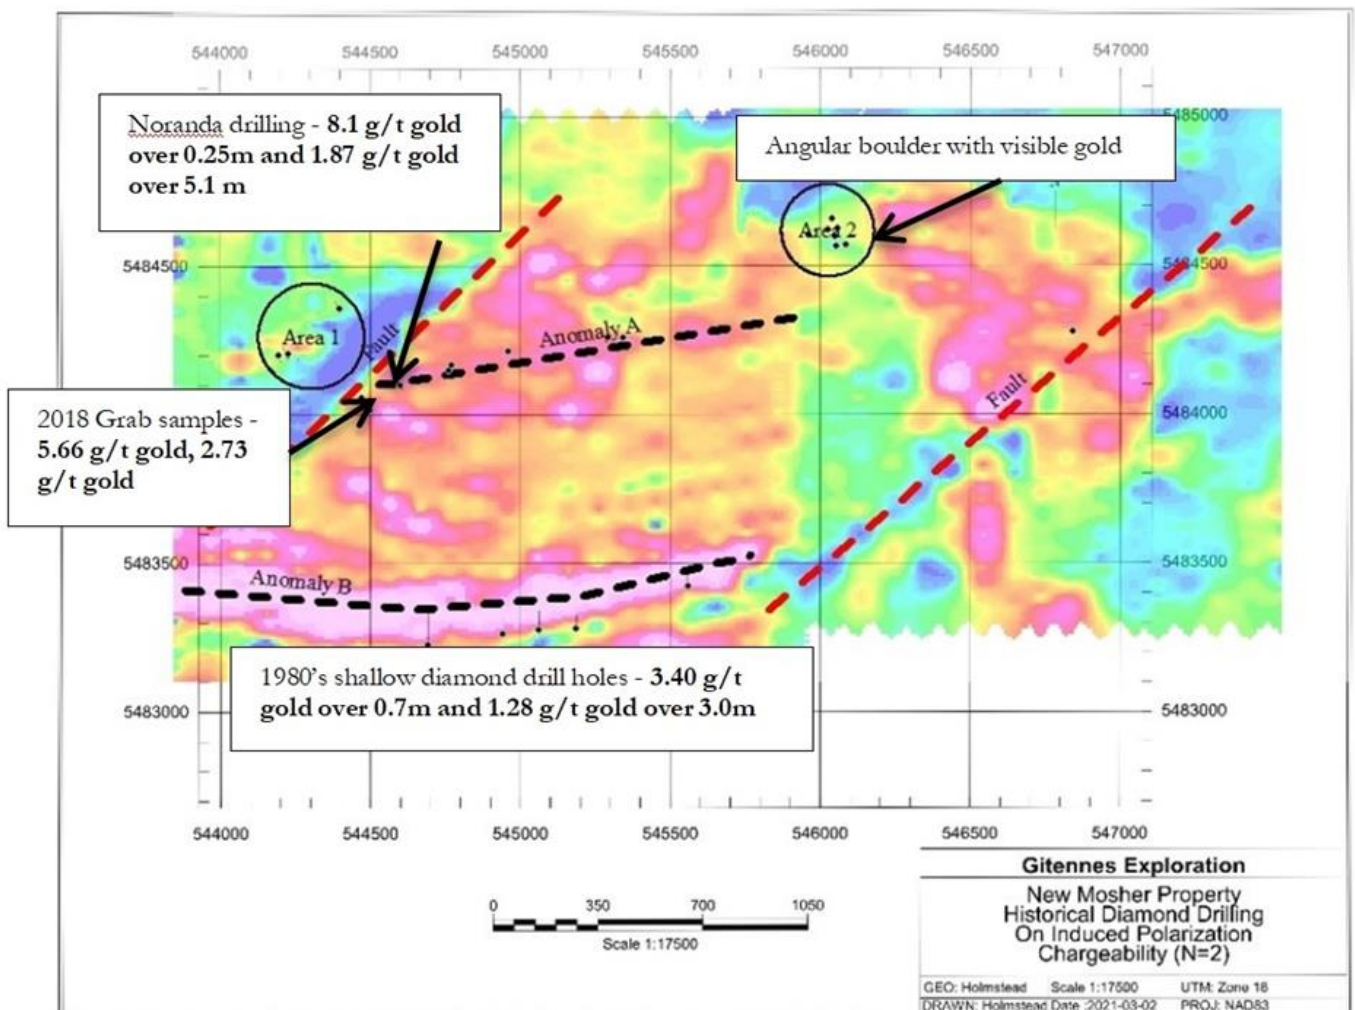

Figure 1 – Area 1 – New Mosher Showing is focus of second phase drill programme

### Highlights of First Diamond Drilling Programme

- Gold intersected over significant widths:
  - **22 metres** in hole NM 21-02 grading 0.25 g/t gold
  - **9.0 metres** in hole NM 21-11 grading 0.71 g/t gold
  - **5.0 metres** in hole NM 21-08 grading 0.68 g/t gold
- Gold intersections are **shallow**;
- **10 of 19 holes** intersected anomalous gold mineralization,
- All three areas tested intersected gold mineralization;
- **Broad zones of gold mineralization correlate well with previously identified IP anomalies**;
  - Associated with intense alteration with quartz-carbonate veining, pyrite, pyrrhotite, chalcopyrite and arsenopyrite.

The New Mosher Property is located three kilometres from the past producing Joe Mann Mine which produced approximately 1.2 million ounces of gold at an average grade of 8.3 g/t gold<sup>(1)</sup> plus silver and copper.

- (1) Readers are cautioned that the Company has no interest in or right to acquire any interest in the Joe Mann mine and that mineral deposits and production results from the Joe Mann mine are not indicative of mineral deposits on the Company's properties or any potential exploitation thereof. The Company also announces that it has appointed Brunet Roy Dube, Chartered Accountants (“BRD”) of Montreal, Quebec as its auditor. BRD is replacing PricewaterhouseCoopers LLP, Chartered Accountants.

### About Gitennes Exploration Inc.

Gitennes is in the business of exploring for and advancing mineral properties with a focus on high grade gold. The Company currently has three properties in the Chapais-Chibougamau

area of Quebec: New Mosher, JMW and Maxwell, and three properties in the Gaspé Region of Quebec: VG Boulder, Serpenphior and Puma, the Snowbird gold property in British Columbia and a 1.5% Net Smelter Return royalty on the 18 million ounce Urumulqui Silver Project in Peru. JMW, Maxwell, VG Boulder, Serpenphior and Puma are 100% owned by Gitennes. New Mosher is under option from Kintavar Exploration and Gitennes can earn an initial 70% and has the right to increase its ownership to 85%. The Snowbird Property has been optioned to a gold exploration company.

### **Cautionary Note Regarding Forward-Looking Information**

This news release includes certain statements that constitute "forward-looking information" within the meaning of applicable Canadian securities laws concerning the business, operations and financial performance and condition of the Company. All statements in this news release that are not purely historical are forward-looking statements and include any statements regarding beliefs, plans, expectations and orientations regarding the future. Often, but not always, forward-looking statements can be identified by words such as "pro forma", "plans", "expects", "may", "should", "budget", "schedules", "estimates", "forecasts", "intends", "anticipates", "believes", "potential" or variations of such words including negative variations thereof and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. Such forward-looking statements include, among others, statements as to the anticipated business plans and timing of future activities of the Company, including the exercise of any property Options and to conduct exploration activities thereon. Actual results could differ from those projected in any forward-looking statements due to numerous factors including risks and uncertainties relating to exploration and development and actual results of exploration activities; the ability of the Company to obtain additional financing; delays in obtaining governmental and regulatory approvals (including of the TSX-V), permits or financing; the need to comply with environmental and governmental regulations; potential defects in title to the Company's properties; fluctuations in the prices of commodities and precious metals; operating hazards and risks; environmental issues and liabilities; and competition and other risks and uncertainties of the mining industry. Although the Company believes that the beliefs, plans, expectations and intentions contained in this news release are reasonable, there can be no assurance that those beliefs, plans, expectations or intentions will prove to be accurate. Readers should consider all of the information set forth herein and should review the Company's periodic reports filed from time-to-time with Canadian securities regulators. These reports and the Company's filings are available at [www.sedar.com](http://www.sedar.com).

Readers are cautioned not to place undue reliance on forward-looking statements. The forward-looking statements contained in this news release are made as of the date of this news release and, except as otherwise required by law, the Company undertakes no obligation to update the forward-looking statements contained herein, or to update the reasons why actual results could differ from those projected in these forward-looking statements.
